## REQUIREMENTS TO GET MARRIED IN PUERTO RICO

From the time of recognition of life's gift of love, the desire and aspiration of being married is a recurring and joyful flash in one's mind. Thoughts begin with the joys of an intimate wedding and a loved one in an exclusive lavish setting, at The St. Regis Bahía Beach.

### **Residency Requirements**

To get married in Puerto Rico you do not need to be a resident of Puerto Rico or a US citizen. The only requirement is your desire to get married on our enchanted Island.

### **Marriage License**

A Marriage License is required and must be requested by letter. Both the bride and groom must appear in person at the time of applying for the license.

### **Laboratory Tests**

A VDRL blood test performed by a federally certified laboratory is crucial for the marriage process. You can have these tests performed at your local lab within 10 days prior to the wedding. A doctor in Puerto Rico will then review the results and sign the license.

### **Authentication of Documents**

On just a quick visit to the Demographic Registry you can purchase the license stamps for \$30.00. After this you'll be ready to say "I do." We will gladly arrange transportation and assistance if necessary.

### **Identifications**

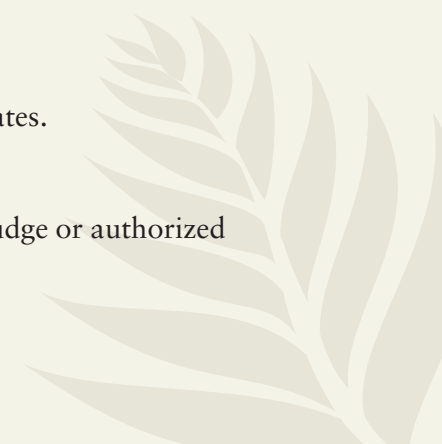

Valid identifications with photo or passports are required.

### **Other Certificates**

If you have been divorced or are a widower, please bring the corresponding certificates.

### **Religious and Civil Ceremonies**

For your marriage to be legal, it must be performed either by a registered minister, judge or authorized clergyman.

## WHERE TO OBTAIN A MARRIAGE LICENSE

All Marriage Licenses in Puerto Rico are expedited by the Demographic Registry. You can contact them by phone or mail regarding any doubts you may have about obtaining your Marriage License or Certificate. Tel. 787.767.9120, or have your wedding planner assist you with the paperwork. Applying for a marriage license in Puerto Rico is an easy step.
